A bed as individual as you are

The rovia ambiance beds can be customised to suit your personal tastes. Quality fabrics and faux leather in a range of colours form the basis for your individual design choices. Choose from a classic bed frame with high sides and box-spring appearance, or a more refined frame with narrower edges. You can then combine this with one of our variety of headboards in a range of heights, before selecting a foot design to round out your chosen configuration.

When it comes to sleeping comfortably, you shouldn't make any compromises. With the roviva ambiance upholstered bed, you can choose from a variety of elements to create a solution that suits you. Your mattress and system frame will always fit in the bed. This means that you don't have to part with your favourite roviva mattress or your system frame, whether it is manually adjustable or motor-controlled. You can even individually adjust the sleeping height for an even more comfortable bedtime.
